ALL COUNTY LETTER NO. 00-76

TO: ALL COUNTY WELFARE DIRECTORS
ALL COUNTY FISCAL OFFICERS
ALL INDEPENDENT LIVING PROGRAM COORDINATORS

SUBJECT: INDEPENDENT LIVING PROGRAM ANNUAL NARRATIVE REPORT FOR
FEDERAL FISCAL YEAR 1999-2000

The purpose of this All-County Letter is to remind you that it is again time to complete and return the *Independent Living Program (ILP) Annual Narrative Report for Federal Fiscal Year 1999-2000* (Report). This Report (required in accordance with provisions specified in the Administration on Children, Youth and Families Policy Interpretation [ACYF-PI] 93-16) requests details associated with your county's ILP for federal Fiscal Year 1999-2000.

January 15, 2001 is the due date for the California Department of Social Services to receive your county's Report at either of the following two addresses:

California Department of Social Services
Foster Care Services Bureau
Placement Resources Unit, Attn: Steve Smalley
744 P Street, M.S. 19-70
Sacramento, California 95814
or
ssmalley@dss.ca.gov

The format of the Report has been amended from last year's version in order to collect information regarding how counties are incorporating the provisions of the recent federal legislation, H.R. 3443, The Foster Care Independence Act of 1999, which included The John H. Chafee Foster Care Independence Program.

The Chafee Independence Program included several amendments to Title IV-E, Section 477, of the Social Security Act. The purpose of these amendments is to make more services available to young people transitioning from foster care as indicated by the increased federal ILP funding nationwide; allowing room and board assistance for young people ages 18 to 21; and expanding the opportunity for states to offer Medicaid to young people transitioning from foster care.

In addition, Section 477(e)(1) was added to the Social Security Act to require increased State accountability regarding foster youth data collection and performance measurements as follows:

(e) Penalties

(1) Use of Grant in Violation of this Part.-If the Secretary is made aware, by an audit conducted under chapter 75 of title 31, United States Code, or from any other means, that a program receiving funds from an allotment made to a State under subsection (c) has been operated in a manner that is inconsistent with, or not disclosed in the State application approved under subsection (b), the Secretary shall assess a penalty against the state in an amount equal to not less than 1 percent and not more than 5 percent of the amount of the allotment.

It is CDSS' belief that the Report's revised format makes it much less complicated for a county to report the statistical data and brief narrative responses that are needed for CDSS to know the numbers of youth being served, the activities conducted, and the services provided by your county. Therefore, because the Report is easier for counties to complete and return, the possibility of CDSS being in violation of Section 477(e)(1) of the Social Security Act Section 477(e)(1) is minimized.

A copy of the Report is enclosed with this ACL for your use. An electronic copy of the Report is also available upon request from ssmalley@dss.ca.gov if that would be an easier process for your county to use to complete the Report. Once again, the due date for CDSS to receive your county's Report for Fiscal Year 1999-2000 is **January 15, 2001**.

Thank you for your cooperation in completing this Report. If you have any questions regarding this letter, please contact Steve Smalley, Foster Care Services Bureau at (916) 327-4639.

Sincerely,

SYLVIA PIZZINI
Deputy Director
Children and Family Services

14. ILP Budget Expenditures. Please use the following definitions in completing the ILP Budget Expenditures that follow.

Definitions

Transportation Assistance is to be used to capture any and/or all transportation costs associated with ILP. Costs commonly reported include transporting children to and from court proceedings, medical appointments/services, sibling visitation, or costs directly related to work, training, or education. It can be used to record related travel expenses (i.e. food, lodging and mileage).

Incentive Payments is to be used to capture the costs associated with incentive payments made to ILP participants. These incentives are given based upon the participant's successful completion of various elements of the TILP.

Work Activities/Expense Non-Assistance is to be used to capture the costs associated with work and training related costs incurred by the ILP participants.

Costs commonly reported include work uniforms, training, tools, and parental travel cost for under age participants attending training.

Contracted Services is to be used to capture the costs associated with any and/or all contracted services performed in support of the ILP (i.e. case management services.)

Health is to be used to capture any and/or all costs associated with providing health-related activities/services/classes for youth in ILP or emancipated youth receiving aftercare. Health-related activities/services/classes include health insurance, medical emergencies, home health and safety management, nutrition, family planning, parenting skills, sexuality and sexual behavior, drug/alcohol/smoking use, prenatal drug/alcohol exposure, eating disorders, hygiene and personal care, and any other activities/services/classes directly related to the health of the youth.

Housing Assistance The following two sources of funds can be used for housing assistance - a county's ILP allotment and a county's State General Fund Extended ILP. However, a county's expenses for Housing Assistance cannot exceed 30% of their county's ILP allotment or 30% of their State General Fund Extended ILP. The intended use of Housing Assistance is to capture any and/or all costs associated with providing housing assistance services for emancipated youth who are at least 18 years old of age and who have not yet attained 21 years of age. Housing assistance includes food, infrequent monthly rent, rental or utility deposits, infrequent monthly utility charges, emergency assistance, and any other activity/service directly related to housing assistance for the youth. Claims cannot be made prior to December 14, 1999, as there was no federal authorization.

Transitional Housing Placement Program (THPP) is to be used to capture any and/or all costs associated with providing support services, including emergency assistance for those youth that are at least 17 years old but no more than 18 years of age and are participating in their county's THPP.

Aftercare is to be used to capture any and/or all costs associated with providing aftercare support services for emancipated youth that have not yet attained 21 years of age. Aftercare includes education assistance and counseling, job placement and retention training, vocational training, crisis counseling, legal assistance, housing assistance, emergency assistance, and any other service/activity directly related to aftercare for the youth.
